

TO: THE CITY COUNCIL COUNCIL MEETING DATE: SEPTEMBER 20, 1989

FROM: THE CITY MANAGERS OFFICE

SUBJECT: PURCHASE OF SUBSTATION AND LINE INSULATORS (EUD-89-5)

Evaluating the received bids, including the quoted lead times, and based on the above endorsement of porcelain insulators, it is therefore recommended that this bid be awarded utilizing porcelain as the insulating media. It is further recommended that Item 1 (69-kv station post) and Item 3 (69-kv vertical post) be awarded to the next lowest bidder based on the 6 and 14 weeks, respectively, improvement in lead time with this bidder. The additional cost to the City is \$570.66 or 2.4%. The construction schedules for the substation and the transmission lines require that insulators be available by March 1, 1990, a date not achievable with the lead time of the low bidder on these two items.
